Lighting That Elevates the Entire Experience

MARVELUX
LIGHTING DESIGN

At Marvelux, we don't just install lighting—we shape how outdoor spaces feel, function, and come alive. Whether it's a modern poolside retreat, a timeless garden, or the front approach to a luxury estate, the right lighting changes everything.

You build the dream. We make sure it shines.

OVER 20 YEARS OF ILLUMINATING EXCELLENCE

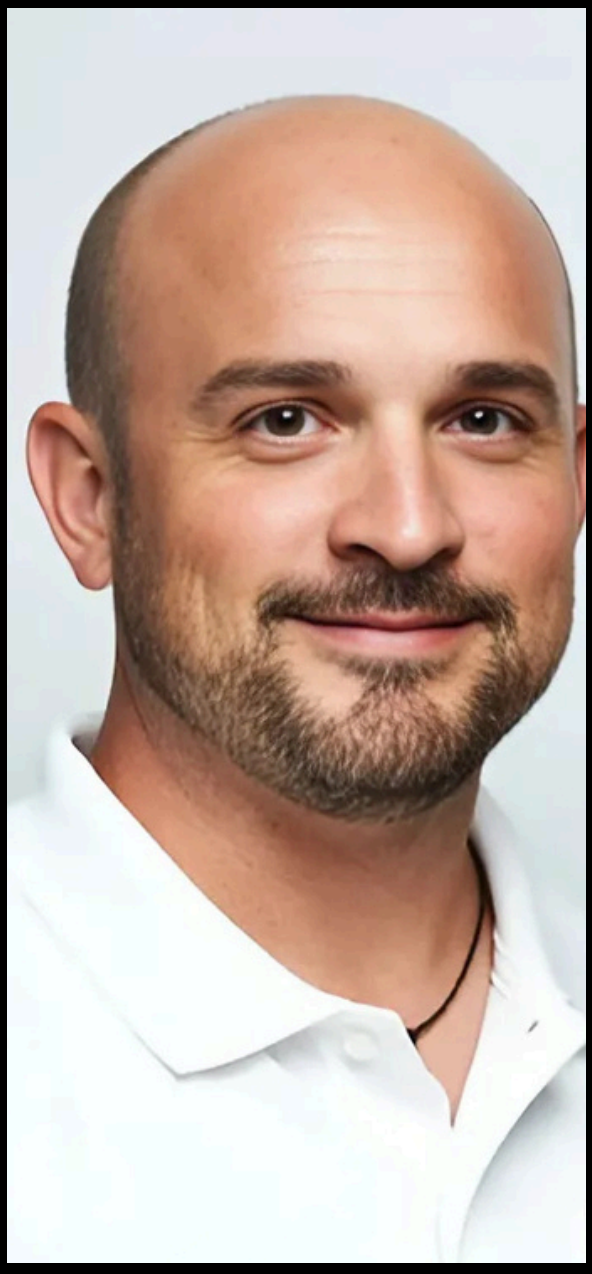
A legacy built on craftsmanship, innovation, and a deep connection to the communities we serve.

Meet Our Founder
Nick Schriver

Board President

AOLP
Association of Outdoor Lighting Professionals

Nick Schriver, CLVLT, COLD, is the CEO and General Manager of Marvelux Lighting and the firm's Lead Principal and Designer. With over 20 years of experience in outdoor and architectural lighting, Nick holds a degree in Landscape Architecture from The Ohio State University and maintains multiple professional certifications through the Association of Outdoor Lighting Professionals (AOLP). An AOLP Award Winner and current AOLP President, Nick is widely recognized for his design expertise, technical leadership, and commitment to excellence across high-end residential and commercial lighting projects throughout Florida's Gulf Coast.



DESIGN IS MORE THAN AESTHETIC— **IT'S ATMOSPHERE.**

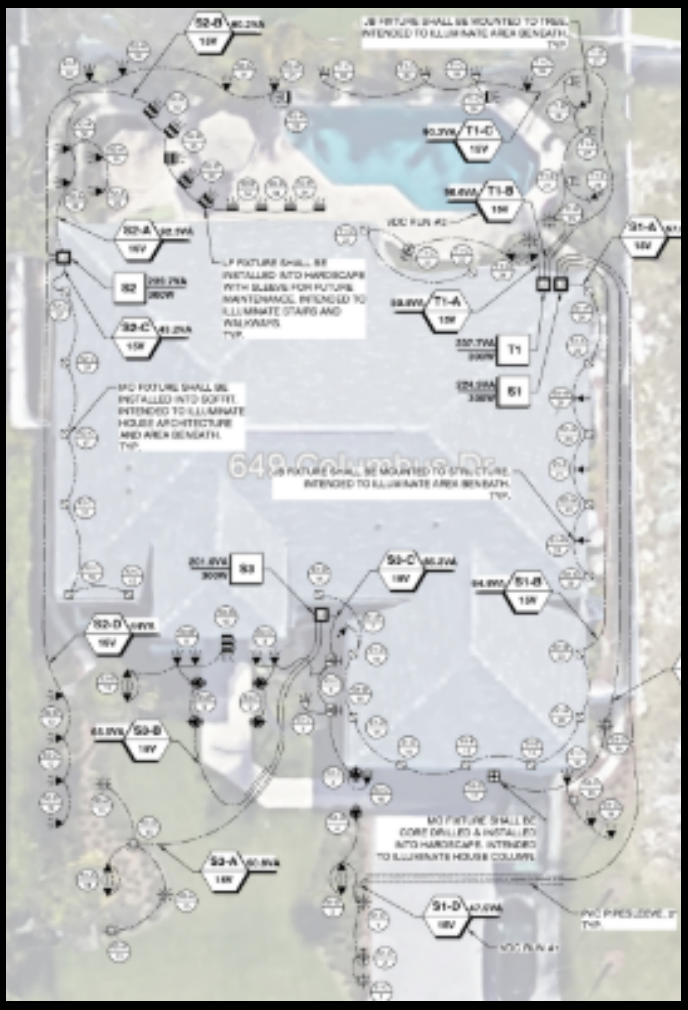
The right lighting enhances texture, defines space, and creates emotional resonance. Without it, even the most stunning design can feel incomplete. We focus on intention—how the light feels, where it leads the eye, and how it supports the space.

Our lighting plans:

- Highlight architectural and landscape features
- Add safety and security without being harsh
- Extend usable hours outdoors
- Creates safe passage through spaces
- Create unforgettable ambiance
- Increases value and provides excellent return



Marvelux The Best in Class Choice

We Elevate Expectations

The right lighting enhances texture, defines space, and creates emotional resonance. Without it, even the most stunning design can feel incomplete. We focus on intention—how the light feels, where it leads the eye, and how it supports the space.

What sets us apart:

- Personalized design consultations
- Design-centric approach on every project
- Lighting that integrates the architecture into landscape
- Architectural-grade fixtures with the highest quality
- Meticulous crews who protect the build and property
- Open, clear communication from start to finish

Every Project Begins with Purpose

Our Process is Intentional to get Amazing Results

01 **Discovery**

We start by listening—understanding your vision, lifestyle, and space to uncover what lighting can truly bring to life.

02 **Consultation**

On-site or virtual, this step is about expert guidance. We assess technical needs and environmental elements, offering insights tailored to your property.

03 **Design**

Our team crafts a bespoke lighting design that blends beauty, function, and the unique architectural details of your home or landscape.

04 **Scheduling**

From concept to execution, we collaborate with transparency and care, ensuring your goals are met at every milestone.

05 **Install**

With precision installation and final walkthroughs, your lighting vision becomes reality—flawless, lasting, and ready to shine.

06 **Aiming**

We return after dark to fine-tune every fixture—maximizing beauty, visibility, and precision.

07 **Routine Maintenance**

Ongoing care keeps your system bright, aligned, and worry-free for years to come.

Lighting That Defines Luxury

Spaces Worth Highlighting. **People Worth Serving.**

Whether you're a homeowner curating your dream outdoor environment, a custom home builder looking for finishing touches that wow, a landscape architect creating a masterpiece, or a designer tying together every detail—we're here for you.

Marvelux collaborates with top-tier professionals and discerning homeowners to complete the visual story. From poolscapes and patios to entryways and gardens, we make the space feel as refined at night as it is by day.

REAL RESULTS: SIGNATURE COLLABORATION FROM UNDERUTILIZED TO UNFORGETTABLE

"OUR JOB ISN'T JUST TO INSTALL LIGHTING — IT'S TO MAKE OUR REFERRAL PARTNERS LOOK LIKE HEROES."

When a custom home builder brought us in on a luxury property refresh, the outdoor spaces had been neglected — dark, disconnected, and underused. We designed a full-property lighting plan, starting from the street through the 400-yard driveway, across the motor court, and into the backyard oasis. We worked hand-in-hand with the builder and the client to create a secure, welcoming, and visually stunning environment. Later, when the client brought in a dock builder, they trusted us so much they asked us to consult. We helped redesign the dock lighting, improved the scope, and helped increase the builder's contract value by over 40%.

THE RESULT?

- Magazine-worthy finishes
- Safer, more enjoyable outdoor spaces
- A builder and dock partner who looked like pros
- A client who raved — and referred others

LIGHTING IS OUR CRAFT. MAKING PARTNERS LOOK LIKE PROS? THAT'S OUR PURPOSE.

Residential Lighting Solutions

In this project, carefully designed lighting enhances the architectural features of a two-story brick home. At Marvelux Lighting, we believe that your home should shine just as bright on the outside as it does inside.
